Welcome to the catalogue for occupational safety in the natural stone industry - your indispensable companion for safety in the workplace!

Benefit from a small but fine selection of high-quality protective equipment, designed for the special requirements of natural stone processing. Our range includes a careful selection of respirators, safety goggles, hearing protection, warm gloves, aprons and breathable safety shoes - everything you need for your health and safety.

Our products not only offer a high level of protection against the dangers of the stonemasonry trade, but also maximum comfort, freedom of movement and durability.

Rely on renowned partners such as weha and Uvex to make your working environment safer and more productive.

UVEX earmuffs aXess one with Bluetooth

uvex aXess one is an active electronic earmuff with RAL function (Real Active Listening). This function makes you feel as if you are not wearing hearing protection, which in turn allows you to actively participate in your surroundings despite wearing hearing protection. The volume of ambient noise can be individually adjusted.

- Communication, telephony and streaming
- Attenuation of harmful impulse noise
- Waterproof, ideal for outdoor applications
- Infinitely variable length adjustment for a perfect wearing position
- Padded headband for a comfortable fit
